PANEL COUPLING

080 Panel Adaptor

Article number
X-M-PA01

REQUEST A QUOTE

The fixed panel adapter connects the operator enclosure to the X-M support-arm system. It forms a rigid transition at the enclosure connection without adding a rotary or tilt function at this point. The component joins the respective connection surfaces. With this version, movement of the operator enclosure is provided by the designated joints elsewhere in the support-arm assembly, while the adapter forms the fixed enclosure connection.

Weight
235 g

Material
Aluminum

Colour
RAL 7035

Package Dimensions
170 × 40 × 80 mm

HS Code
7606.99.90.19

Warranty
5 years

Technical data

Specifications for planning, selection and use at a glance.

Material & finish

Material Composition	Aluminum
Colour	RAL 7035
RAL colours	RAL 7035

Application & function

Operating Weight	235 g
Primary Use Case	Machine Building / Automation / HMI operator stations
Operating Temperature	–40°C to +70°C
Protection Rating	–IP65 (DIN EN 60529)
Rated Voltage	Mechanical (not subject to electrical certification)
Movement	Fixed

Safety & compliance

Earthing	Yes, integrated solution
RoHS Compliance	RoHS EU Directive 2011/65/EU
REACH Compliance	REACH Regulation 1907/2006/EC
Certification	IEC 60529; (EG) No. 765/2008; (EU) 2023/956

Further information

Movement type	fest

Assembly instructions

▶ About these instructions

Assembly sequence prepared from the exact XINDUX article data sheet. Tightening torques not specified in the source document are deliberately not added.

▼ Preparation & tools

Supplied and installation parts

Required tools

Allen key suitable for the fasteners

Torque wrench for the final engineering check

1. Prepare the components

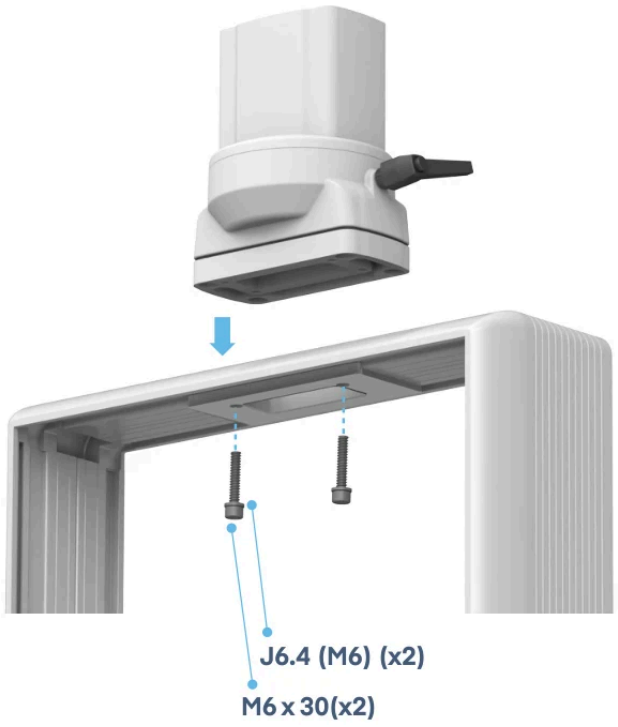

Combine the modules step by step as shown in the figure

- M6 × 30
- J6.4

2. Prepare the components

Assemble the module as shown in the figure on the left.

3. Fasten the module to the panel

Place the module on the panel.

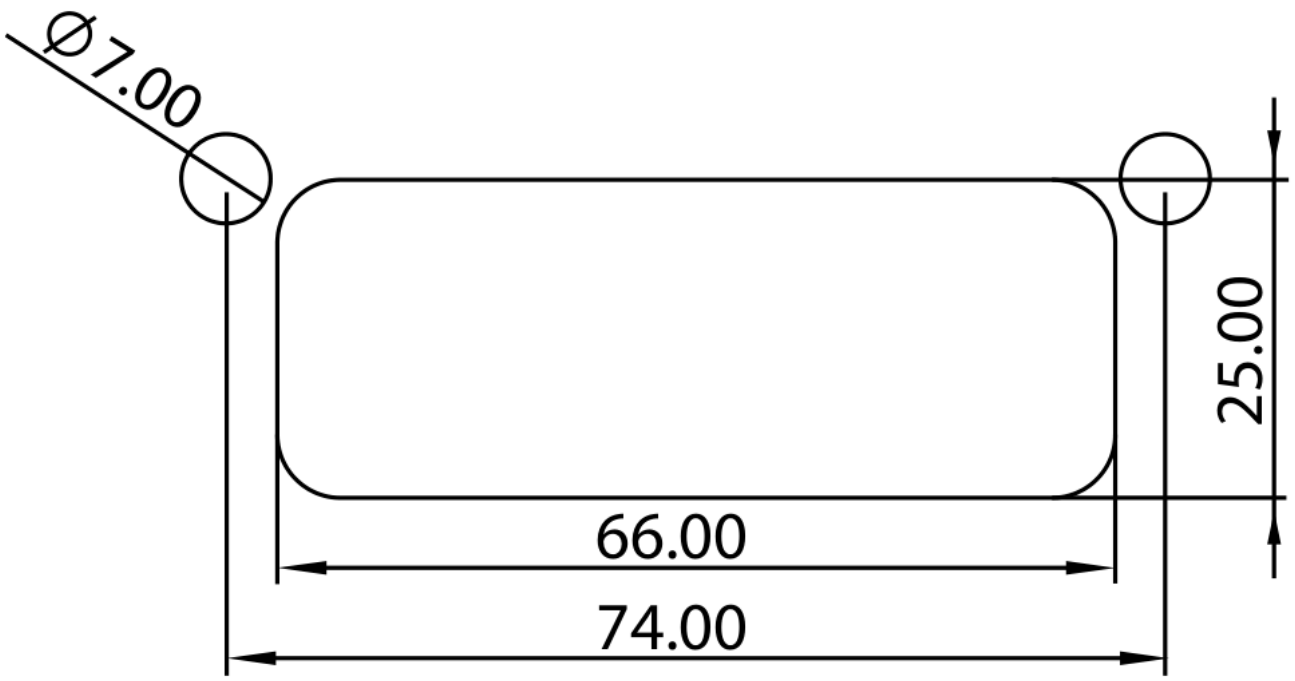

- J6.4
- M6
- M6 × 30

4. Fasten the connection

> **The screws are not included.**

Insert the connecting bolts. The screws are not included.

5. Prepare the mounting holes

If required, prepare the mounting holes according to the dimensioned drawing. All dimensions are given in millimetres.
