# 050 Support Profile - 750mm

Article number
**X-S-PR-0750**

REQUEST A QUOTE

The support-arm profile forms the straight connecting element in the X-S support-arm system. It defines the distance between the connection and joint modules and is combined with components from this profile series. This version has a length of 750 mm. The layout of the support-arm assembly can therefore be matched to the position of the operator enclosure and the intended workstation.
